

PLEASE JOIN US IN CELEBRATING THE  
F. LAMMONT BELIN ARTS SCHOLARSHIP  
THROUGH THE ANCIENT ART FORM  
OF STORYTELLING.

"Established in 1964, the F. Lammot Belin Memorial Fund and Scholarship has stood the test of time, has matured and grown in support of the arts, and this year celebrates its

50th anniversary. Headquartered within the Waverly Community House, over the years the scholarship has provided encouragement to a broad cross-section of artists, many of whom had their beginnings in Northeast Pennsylvania. This artistic collective includes a florescence of actors, architects, cinematographers, composers, dancers, musicians, painters, photographers, playwrights, poets, print makers, sculptors and singers whose artistry continues to enrich community at a local, regional, national and international level."
